

A LEGACY OF CONSERVATION

2010s

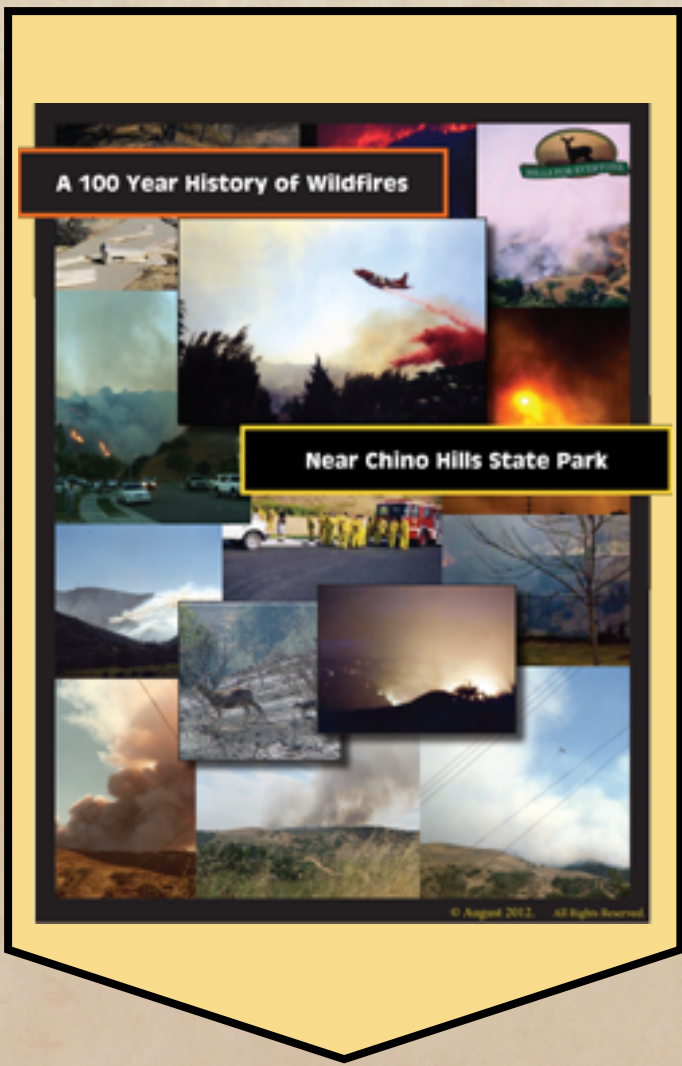

2011

A coveted property in Carbon Canyon is conserved through the transportation mitigation program.

2011

After two years of research, HFE released a Wildfire Study covering 100+ years of fires.

2014

With the help of residents, HFE litigated to stop the development of Madrona.

2015

HFE supported Yorba Linda residents in the fight to stop two projects in County territory.

2015

HFE successfully advocated to keep zoning at 1 house per 40 acres in the City of Chino Hills.

2016

The County of Orange's approval of Esperanza Hills (above Yorba Linda) is litigated by POHAH and HFE.

2017

The appeals against the County of Orange on the Esperanza Hills project are exhausted.

2018

After HFE's win at the State Supreme Court, the City of Brea rescinded all approvals of Madrona.

2019

An updated Wildfire Study is released by HFE, after the massive Paradise Fire, and HFE finds a 50% increase in ignitions.

2019

LA County's Significant Ecological Areas rules are adopted with HFE's active support.

Protect Our Homes and Hills (POHAH) was formed by residents in Yorba Linda under the guidance of HFE. There was enormous opposition to this dangerous housing project (Esperanza Hills) on land that burned in 2008.
